

## Activity - Try out your new skills!

- Break into small groups
- Everyone will receive the same copies of data
- Come to a consensus about which topic(s) that you want to focus on. (Pick only one or two topics)

**1. Demographics**

**2. Health**

**3. Child Welfare**

**4. Juvenile Justice**

**5. Education**

**6. Mental Health**

**7. Drug and Alcohol**

- Review the data so that you can answer the following questions:

- 
- Find something positive in the data or a success to celebrate.

- 
- Find something that needs to be improved.

- 
- Discuss how youth, family, provider, and system partners might see those successes or areas for improvement differently.

- Identify an area where you would like more information. What is missing? (Think about your original questions, what would you need to answer them?)
- 

- What would be your next steps? What are the action steps that partners on your CLT would do with this information?
- 

- Briefly report your findings and plan to the large group.
- 

- **Additional Discussion Topics**

- ☐ Are you a little more comfortable using data?
- ☐ Are these tips going to make it easier to use data in your CLT?
- ☐ What have you been doing in your county around evaluation and CQI?
- ☐ What are your biggest challenges with this standard?
- ☐ What additional tools or technical assistance do you need from our Evaluation Team?
- ☐ Any additional comments or questions that we can talk about today?

## 1. County Demographic Data

Change in Population Under Age 18 (Percent) by Race/Ethnicity		Percent
Race / Ethnicity	2000-2010	
White (Non-Hispanic)	-15.7%	
Hispanic	93.3%	
Black (Non-Hispanic)	56.8%

#### 4. Statewide Juvenile Detention Data

##### ***Secure Detention by Race and Ethnicity***

For secure detention, the statewide rate of disproportionality is more significant, with Black Non-Hispanic youth comprising 58.4% of all secure detention admissions in 2013. When excluding Philadelphia and Allegheny County, Hispanic and Black Non-Hispanic youth represent approximately 15% and 40%, respectively, of all secure detention admissions. In Philadelphia, 72.3% of secure detention admissions involved Black Non-Hispanic youth and 17.2% involved Hispanic youth. In Allegheny County, 80.8% of secure detention admissions involved Black Non-Hispanic youth.

The statewide RRIs for secure detention indicate that Black Non-Hispanic youth were admitted to secure detention at more than 2½ times the rate of White Non-Hispanic youth and Hispanic youth were admitted at almost 1¾ times the rate of White Non-Hispanic youth.
